REMARKS/ARGUMENTS

Entry of the Amendment, presented after payment of the Issue and Publication Fees, is requested under 37 C.F.R. § 1.312.

The present amendment affects the application only by the cancellation of claims 52 and 53. Because claims are being cancelled, it is apparent that no meaningful examination effort by the Office is required for approval and entry of this amendment. The propriety of this Amendment was discerned only after review of the application for payment of the Issue and Publication Fees.

Respectfully submitted,
